

465NH LIGHTBAR

HELIOBE™ Halfbar Series

The TOMAR model 465NH HELIOBE™/Halogen halfbar is manufactured to mount flush onto ambulance boxes or to be permanently mounted to the roofs of fire apparatus.

Xenon Strobe Lamps

All strobe lamps are water-tight, Hermetically sealed Xenon lamps with chrome coated reflectors for maximum reflector efficiency and long life. Choice of lamp colors are Amber, Blue, Clear, Green, Purple, Red or any split color combination.

Electrical Specification

12VDC draws 15.5 amps average @ 12.8VDC (48" lightbar strobe only)

Available Options

Lightbars can be configured with optional Takedown, Alley lights, Work lights and Stop-Turn-Tail lights.

Halogen Lamps

TOMAR halogen lamps use twist-out automotive 12V halogen bulbs rated at 27watts each, which can be upgraded to 35 watts. The lamp is molded from Lexan® and has been designed to fit all popular emergency vehicles.

Warranty Information

Ten year warranty on NEOBE® power supply and two year warranty on all other parts except halogen lamps.

Ordering Information and Lamp Colors

For customers requiring more than our standard features, we offer additional options to further enhance and customize each lightbar to meet their state or local regulations. Please call our sales department or distributors for ordering information of all available configurations and options. See product pages RECT-34 and RECT-37 for available lamp colors.
